

Star of the Sea College

Enrolment Policy

Star of the Sea College is a Catholic Independent Girls' school, founded by the Presentation Sisters in 1883. Since 2014, Star of the Sea College has operated under the auspices of Kildare Ministries.

At Star of the Sea College we hold the care, safety and wellbeing of our students as a central and fundamental responsibility of our College. Our commitment is drawn from, and inherent in, the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel: CECV Commitment Statement to Child Safety:

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: that is why the promotion of the human person is the goal of the Catholic School (Congregation for Catholic Education 1997, n.9).

Rationale

This Enrolment Policy is faithful to the charism of the Presentation Sisters, and has been devised to ensure a fair and transparent approach to enrolment at the College.

The purpose of the Star of the Sea College Enrolment Policy is to:

- guide the College to maintain strict adherence to the purpose of the provision of Catholic education
- make explicit the selection criteria involved in the Policy
- ensure all prospective parents are welcome to seek information about the College
- set out how the College manages personal information provided to, or collected by it
- make explicit the understanding that parent/s or guardian/s, as the first educators of their children, enter into a partnership with Star of the Sea College when their daughter is enrolled into the school.

As stated in Catholic Education Melbourne (CEM) Policy 2.4

“Catholic education is intrinsic to the mission of the Church. It is one means by which the Church fulfils its role in assisting people to discover and embrace the fullness of life in Christ.

The Australian Bishops established Catholic schools in the 1860s as a key instrument of catechesis and sacramental preparation for Catholic children. Catholic schools continue to offer a broad, comprehensive curriculum imbued with an authentic Catholic understanding of Christ and his teaching, as well as a lived appreciation of membership of the Catholic Church. The first priority of a Catholic school is the provision of a Catholic education for Catholic children.”

Star of the Sea College

Commitment to Non-Discriminatory Enrolment Practice

Should any of the above considerations be relevant to any prospective applicant the College would:

- ask for documentary/medical evidence of the student's condition or need

- seek to clarify if the student will receive funding to further enhance the learning support offered to them (ie students with special/particular needs)

A Re-Statement of the School's Independence in Enrolment Matters

As an Independent School, Star of the Sea's fee schedule falls into the medium-high fees bracket.

The College supports the tenet that all Catholic students have a right to a Catholic education. Should financial difficulties persist, the College will offer every assistance to families who need help in finding a more affordable Catholic education option.

The College Board reserves the right to cancel a student's enrolment if the fees are not paid or a mutually agreed arrangement is not reached. Short term bursaries are available to those in financial need and are accessed through a bursary process. A small number of financial scholarships are also available to families in severe financial hardship. To access a financial scholarship, families must undergo a series of interviews and be prepared to document their financial status in full.

Star of the Sea College Enrolment Policy

The payment of College fees is outlined in the Fees Policy and should be read in conjunction with this Enrolment Policy.

This Policy response concerning unpaid school fees is also written in consideration and support of those parents who do pay their fees and who do so, sometimes at times of real financial strain and commitment.
