

Star of the Sea College

Child Safety Code of Conduct Policy

Star of the Sea College is a Catholic Independent Girls' school, founded by the Presentation Sisters in 1883. Since 2014, Star of the Sea College has operated under the auspices of Kildare Ministries.

At Star of the Sea College we hold the care, safety and wellbeing of our students as a central and fundamental responsibility of our College. Our commitment is drawn from, and inherent in, the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel: *CECV Commitment Statement to Child Safety*:

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: that is why the promotion of the human person is the goal of the Catholic School (*Congregation for Catholic Education 1997, n.9*).

PURPOSE

The Code of Conduct has the specific focus of safeguarding young people at Star of the Sea College against sexual, physical, psychological and emotional abuse or neglect. It has the objective of promoting child safety in the school environment, sets standards and clear boundaries about the way in which school staff are expected to behave with young people and helps the school, staff and volunteers to raise behavioural issues.

The Code of Conduct is consistent with the Child Safety Policy, child protection legislation, mandatory reporting and safety of young people, Australian Institute for Teaching and School Leadership Standards and Victorian Institute of Teaching Codes of Conduct.

The Code of Conduct is relevant to all staff working with children and includes all activities relating to the staff members' work at and outside the school.

PRINCIPLES

- staff are always in a professional relationship with their students whether at school or not
- an adult's response to a young person's behaviour or circumstance should be commensurate with their age and vulnerability and the adult's responsibility for the care, safety and welfare of the young person
- an adult should not be alone with a young person unless there is line of sight to other adults
- an adult should not initiate or seek physical contact or contact with young people outside school unless it is in the course of their professional relationship.
