

THE COLLEGE SONG: *We are Star of the Sea*

© Robyn Horner

They went by sea,
from Ireland to a land still green,
With a vision, a dream,
And by the shore,
these women built the dream they saw,
Women living for more.

CHORUS:

In our deeds, not mere words,
We are one community,
Who we are and who we'll be,
We are Star of the Sea.
In our deeds, not mere words,
We are one community,
Who we are and who we'll be,
We are Star of the Sea.

Foundation strong,
the generations followed on,
Just as now we belong.
The just, the true,
the inward freedom that they knew,
carry on, red and blue.

CHORUS:

In our deeds, not mere words,
We are one community,
Who we are and who we'll be,
We are Star of the Sea.
In our deeds, not mere words,
We are one community,
Who we are and who we'll be,
We are Star of the Sea.

We've come so far,
we're reaching out for who we are
In the story of the Star,
And who we'll be
will touch more lives than we can see,
So we strive to be free.

CHORUS:

In our deeds, not mere words,
We are one community,
Who we are and who we'll be,
We are Star of the Sea.
In our deeds, not mere words,
We are one community,
Who we are and who we'll be,
We are Star of the Sea.
